Notable Traits	Traits 1 Head Slight white behind the navel.
Assessor Comments	A good line of unweaned Autumn 2024 drop steer calves. Sired by a Ben Nevis stud bull, out of predominately large framed pure Angus cows, plus some Angus Santa cross and Charolais cows. These calves handled very well through the yards during assessment so should wean off as easy-managed weaners. Sheedy cattle have previously performed well in feedlots or grown out to a heavy kill carcass. Calves displayed good health and frame along with being fresh in condition. These are full Autumn drop calves from first calf heifers.
