| Assessor Comments                     | A lovely line of Karoo Angus blood yearling heifers. Absolute spot on heifers to put to bull of your choice now. Full Pesti vaccination ticket so quality control covered on this point. Nicely grown out and in forward condition. Would feed on perfectly if that is your choice here with no access to any bulls you can be confident they are empty. Certainly would be a nice addition to just about any program , right in the top end of the quality bracket, well worth close consideration |                |                                     |
