Assessor Comments	A lovely line of Funny Hill bred Angus NSM Heifers. Heifers have done exceptionally well since being relocated from Binda to Canowindra. Funny Hill has always had a heavy focus on fertility and producing easy doing cattle which makes these heifers ideal to join or fatten. These heifers were classed in as weaners but due to a large number of retained heifers are surplus to need. 8 heifers were identified as having old blue eye scarring which were at least treated twice as weaners.
