	These heifers are very easy to handle, moving calmly through the yards and settling quickly after release from the crush. Their sire was chosen for his strong maternal traits, and they exhibit good weight and growth for their age.				
Handled With	Dogs				

Assessor Comments	These heifers are sired by the Ayr Quartz bull and out of registered Ondiong stud cows. While the heifers themselves are not currently registered, a full breeding history is available, and 6 of the 8 can be registered at the purchaser's expense if desired. Their sire was the top-selling bull at the 2021 Ayr Park Bull Sale, chosen for his excellent maternal traits and strong EBV figures. All dams are Ondiong stud cows, and individual dam figures are available upon request. These heifers offer the potential for stud registration at the buyer's cost. Note Young Murray Grey Bull sired by Ayr Park Quartz Q57 in Weekly Cattle Stud & Genetics Sale for same vendor. The cattle are born and bred on the coast and are Theileria safe.
