	Quiet: 10 head Slightly Stirry: 30 head Stirry: 2 head	Quiet: 20 head Slightly Stirry: 18 head Stirry: 4 head	Temperament not assessed in Paddock
Handled With	Heifers were quite agitated within the yards once applying pressure on them, not necessarily sweating or aggressive, just startled with the application of human presence. Strangely enough they were more settled within the race or crush opposed to being in an open yard. Potentially an increase of handling or time could improve their temperament.

These heifers are sired by TeMania sires & are out of medium/large framed TeMania blood females. Presenting in a forward store condition with plenty of scope for increased weight gain given the correct conditions. If you are looking for replacement females to increase the genetic component of your existing herd than look no further. Villabrae Pastoral are currently in the process of being aligned to the Team TeMania program, please contact Hamish Mcfarlane if confirmation is required.
