Assessor Comments	Attention all buyers today on offer we have 35 Charbray Cross Steers. All the Steers are coastal bred and given the opportunity will power away. These Steers are showing great growth and are in good store to forward store condition, it's noticeable they are really starting to move forward . On assessment the Steers averaged 273kg on delivery. The temperament of these Steers is a credit to the Vendor they are very easy to handle with only a few getting excited. Vendor is offering these Steers clear of the dip. It will be the buyers expense to cover the cartage from the property to the dip. Steers will need to be cleared prior to moving across the Tick Free Line. Please note it was noticed in assessment that some Steers still had their sack attached from being banded however this is not detrimental to the animal.
