Assessor Comments	Buyers a great opportunity to secure a line of Good Quality store condition heifers before the storms start. This lot is a bdouble load out of 192 xbred heifers drafted as a run out the gate .These heifers show good bone and weight for age and present in store condition purchased as lightweight weaners in March from Winade Holdings at Quilpie. They would normally be taken through to heavy feeder weights but due to failing season are being sold. The Winade cattle are gaining a very good reputation for performance on grass or grain and are sought after by repeat buyers. Ideally suited to take through to the Domestic or heavy feeder market with all the hard work been done and ready to explode on summer feed,. Please note 2 heifers had slight blue scarring in one eye and several showing some signs of lice rub neither considered detrimental. Vendor has 3 decks sisters and 6 decks creamy sisters in this sale.
