Assessor Comments	A neat body truck load of vendor bred angus weaner steers. These steers have been weaned for months and present in store condition off coastal country which are sure to thrive on any pastures. Will be ideal future feeders for either the domestic woolies and coles job or would be perfect for a long fed straight black feedlot job. The vendor is well known in the South East for having quality cattle which are well handled with a great temperament. Please note a couple of weaners were ringed 3 weeks prior, and the balls haven't quite fallen off. Vendor has pretreated steers and will guarantee clearance but it is at the buyer's expense, The vendor also has the heifers in the sale as well.
