	Generally quiet young heifers to handle. Easy going and inquisitive around the yards. A few heifers were anxious in the crush, with some foot stomping and weaving, but all exiting the crush at a walk once the head bail was open and they felt the pressure was off. (Listed above as slightly stirry) Well mannered cattle that will improve with age & handling.

Notable Traits	Traits 1 Head Blue roan (395kg) Option to leave out. 20+ year old Shorthorn throwback.		
Assessor Comments	The Clarke family are fourth generation cattle producers in the Upper Murray and have been using select Reiland Angus genetics in their herd for the last 20+ years. Always selecting Bulls with desired traits, being good 400 & 600 DW, IMF, EMA & strong maternal traits. Out of a large framed herd of heavily classed cows, these young females have good length, depth and width, with lovely, pretty faces and would be a very nice pen of heifers to take on and put out with the Bulls in a fortnight's time. Buyers please Note. Vendor also has another lot of Heifers in the same sale of the Autumn drop sisters.
