Assessor Comments	This is an excellent line of future breeder EU Angus Heifers, that will put on a power of weight quickly if put on good feed. They have never been joined and are perfectly suited to join up for a spring calving next year. They are EU, PCAS eligible and Never Ever Acc. They are bred out of the renowned Nareen Station cow herd. Vendor has been selecting the very best of Weeran Angus bulls for over 20 years, and more recently also from Bowmont Angus. Selection focus has been on Birth Weight, 600 day growth, Milk, Fat and EMA. These heifers have excellent depth and shape and will grow out to be very big, solid and heavy cows if given the opportunity.
