Health Treatments				
	Vaccinated	20/10/2024	5 in 1 (weaning)	First Dose
	Other Treatment	23/10/2024	Virbamec LV (pour on)	

Chemical Residue	Clear - No known history.
Eligibilities	PCAS Eligible
J-BAS Score	6

Vendor Comments	There are steers age branded No5's and was a mistake, they should have been branded No4's. They were also only recently cut and as a consequence there is a fair amount of swelling in the purse as they are still healing.

Temperament

Yards	Crush	Paddock
Quiet: 73 head Slightly Stirry: 14 head	Quiet: 87 head	Temperament not assessed in Paddock

Steers considering they have only just been weaned were actually very good to handle in all areas of the yards. In the bigger yards there were some ring leaders that still have a small amount of trot in them which is quite normal and makes the balance follow the leader a bit.

Handled With: Bikes , Horses

Notable Traits

	Traits
2 Head	Light warts
2 Head	Ring worm scar

Assessor Comments	Buyers a light 2 deck line of PCAS ELIGIBLE Composite weaner steers that are mainly flat back types and should be ideal to suit to background for domestic feeder entry weight specifications. There were about 9 in the lot that do have a small amount of hump visible in the video. These have only been off the cows for anywhere from 3-10 days and have already settled down very well temperament wise. I would suggest most of these have been self-weaned by their mothers with the dry weather kicking in. As a result, there is no sign of any milk in them so I feel there could be some compensatory gain provided they go onto some improved pastures. There were about 8 head that show the signs of early weaning as they are a little bit dried out but not woody. All up at the property there are 273 weaners being offered in the sale. There are about 3 of the later cut steers still showing some dominant male characteristics however this should disappear as they mature further. Pre-treated for ticks.
Assessor	**Bob Jakins (Level 1 Accredited)** Phone: 0419 788 366
Delivery Period	26/10/2024 to 28/10/2024 (3 days)
Delivery Point	"Tallawalla" yards located approx. 4kms north of Bluff or 24kms east of Blackwater. Lat: -23.5590400240811 "S Lng149.049639064372 " E
