Assessor Comments	Buyers a great opportunity to secure a good 2 deck line of weaned heifers. These heifers are sired by high priced Gidyea Brangus and Ultrablack, Glenlands Droughmaster and Burenda Speckle Park Bulls out of medium to large framed Brangus , Ultrablack and Charbray cross cows. Weaned in March and running on the tail end of oats crop these heifers have been drafted into a 300 - 420 kg weight range to suit the Domestic feeder market, alternatively the majority would suit as future breeders and would be an asset to most breeding herds. Please note 1 heifer observed with old blight scar in 1 eye not considered detrimental .Vendor has 2 more lots sisters this sale
