Assessor Comments	Buyers, Here is a top quality line of weaned EU Organic Hereford steers that average 283kg. Steers are soft smooth easy doing types with good length of body and depth of flank, present in store condition with plenty compensational weight gain. Steers are out of medium to large frame Hereford cow herd that are on a 45 day join, so they are very even. Steers are extremely quiet to handle, with a great reputation for performance on grass and grain.
