Assessor Comments	Here presents a line of pure Dunoon bloodline Angus Heifers. These Heifers were originally purchased off the breeder ex Gippsland in Victoria then purchased again to background. These Heifers are one mark and present in forward store condition. These heifers are really on the do and would be exceptional heifers to feed onto Export markets or even join to the bull of your choice. These heifers had an Estrumate injection on day of assessment for buyer confidence. Buyers, please note the odd heifer carries light ringworm along with white on her navel. Eight heifers presented with old pinkeye scarring but doesn't affect her sight in any way. Buyers please also note vendor is offering another 104 in same sale, to be offered as a run out of the gate. We will ensure to deliver heifers as even as possible.
