Assessor Comments	Very quite, well bred, soft British breed cattle that are EU accredited. Ideal for Breeding and or Feed lotting. Highly recommend as Vendors only purchase top Bulls and Management of their Herd is first class. These heifers are showing the effects of having a shortage of feed they are long bodied and have grown out well but lack condition, they have definitely got the bone structure to build upon. The cattle are quite and moved easily through the draft and scales. Top quality heifers to take home and join to the bull of your choice. At assessment heifers had a weight range of 305-420kg to avg 366kg after an overnight curfew. Quality EU heifers you can buy with confidence. Vendor has 2 lots of steers in same sale, 44 Angus & Angus X & 64 Hereford steers.
