Assessor Comments	On offer are 38 Angus feeder-weight steers. These steers have an average live weight of 365.7kg at assessment. They are showing great weight for age, with excellent signs of shape and stretch. These steers are ideal feeder candidates; they have not experienced any setbacks and are currently being paddock-weaned onto clover and rye grass. These steers are Hollywood angus bloodlines out of large-framed Angus cows. Given the opportunity, they should continue to grow into heavy export weights. MR BOB BARNETT HAS BEEN BREEDING CATTLE FOR THE PAST 67 YEARS, NOW DAUGHTER JULIE HAS TAKEN OVER THE HERD AND PROPERTY WITH THE GUIDANCE OF MR BARNETT. These steers carry our strongest recommendation. vendor will offer 12 black Baldy steers in the same sale.
