Assessor Comments	55 Very good quality feeder steers that are on the move , they will go forward on grain or grass, they have not had any setbacks . Landfall Bulls have been used for the past 3 years and the length and shape is showing through. 3 in this lot were calves purchased as cow and calves , they are Texas , Lawson blood. there is another lot of steers and two lots of Heifers also in this sale. NOTE due to yard space the photos are of both lots together, the bigger steers are in this lot, the vidios give a very good indication.
