Assessor Comments	Quality line of vendor bred Angus steers. Steers are presented in store condition ready to power ahead. These steers are bred out of large to medium frame Reiland Angus blood females and are sired by quality Bongongo, Crawford & Reiland Angus bulls. Provided with the right opportunity these steers will excel for the successful purchaser. Steers would normally be retained by the vendor and grown into heavy feeder weights. Previous feedlot buyers have spoken highly about the performance from the vendor's cattle. These steers are eligible for grass-fed programs and are anti-biotic free. Buyers, please note that this is an inter-lot offering between Father & Son, the following steers are being offered off two PIC numbers from adjoining properties operating under the same management practices.
