	Very quiet cattle to handle through the yards and crush with only a few getting a bit agitated in the crush but settled well once back with their mates. These Heifers were very quiet and inquisitive to walk around in the holding yard.

Assessor Comments	This is a unique opportunity to buy a line of extremely well bred Black Baldy Heifers. These Heifers were purchased of the renowned "Broadlands" out of SA back in April this year. The breeding of these Heifers is exceptional and they have the genetic potential to continue growing wether it be in a feedlot situation or a grass fed program, they would also make an excellent line of Heifers to join to the Bull of your choice. Since arriving at Wallacedale they have put weight on every day and are really packing it on now. They are in a tight weight range of 380kg to 440kg. These Heifers come highly recommended.
