Handled With	Cows agitated under pressure but once pressure is taken off they settled down quickly. No cows are aggressive. Bikes , Dogs																		
Assessor Comments	Buyers. Here are 8 fertile angus cross cows that are all PTIC. Cows present in good store condition with nice length of body and depth of flank. Cows are medium to large frame feminine types. Cows are very fertile being preg tested every year. Cows are all PTIC 5 to 8 months to top quality Santa bulls. Cows worked well through yards with odd cow agitated under pressure. This is a regrettable sale due to loss of agistment paddock.
