	Cows are very good to move through the yards and the crush. Lovely quite well handled cows							
Handled With	Bikes , On foot , Vehicles							
Assessor Comments	Opportunity to buy some very quite well handled PTIC F1 cows. Cows are only for sale due to them being late in the season for their calving due date compared to the rest of the herd. Cows have been excellent mothers which is evident in the calves they have previously weaned. (Buyers note some weaner heifers out of these cows are offered on the weaner and yearling sale this week if you are interested in the quality of the progeny)Cows are sound in the udders and will have no problem in raring more calves
