	Cattle were a pleasure to work through home yards. Heifers were preg tested before assessed which caused a small percentage to become unsettled whilst being assessed on the second time through the race. Cattle settled quickly once released into a larger yard with mates.		
Handled With	Bikes , Dogs		
Notable Traits	Traits 1 Head Pink eye scarring.		
Assessor Comments	Buyers A line of Angus cross PTIC Heifers that are 3 to 6 months in calf to Glenisa Angus Bulls. Heifers have been running on the trap rock and are not carrying any excess condition and have the potential to grow into future breeders given favorable conditions. Heifers have a great nature and were a pleasure to work with. Please refer to video and photos for full breed satisfaction. (Please note Preg test certificate attached and sister lot in same sale.)
