Assessor Comments	Buyers A line of Angus cross PTIC Heifers that are 3 to 6 months in calf to Glenisa Angus Bulls. Heifers have been running on the trap rock and are not carrying any excess condition. Cattle would be an ideal trade or potentially grow onto future breeders given a favorable season. Heifers have a great nature and were a pleasure to work with. Please refer to video and photos for full breed satisfaction. (Please note Preg test certificate attached and sister lot in same sale.)
