Assessor Comments	Genuine young (3 to 6 years) PTE Angus cows. These cows are only being offered for sale as they are out of sync with our vendors "normal" calving following the 2023 bushfires. Our vendors have been securing quality lines of Angus heifers for a number of years, which these were part of, to join and add to their quality Angus breeding herd. The cows are well handled and provide a great opportunity to secure proven breeders with good bloodlines behind them and the opportunity to join them a time of your choosing.
