	These cows were a pleasure to handle right throughout the drafting and weighing process. Each cow stood still on the scales in the crush and waited contently then walked on when asked to move. Not docile as they moved off when asked without hurrying at anytime. These cows showed no signs of temperament issues even when the calves were being pulled of them.			
Handled With	Bikes , Dogs , On foot , Vehicles			
Assessor Comments	A Tidy line of Mixed aged , Quiet, Quality, moderate to large frame, pure Red Angus cows, NSM, presenting in strong store condition doing a magnificent job on their progeny. The calves present unmarked in fresh condition exhibiting great squareness, softness and structure for such a young age. These cows present in store to forward store/prime condition which will flourish in prime spring conditions given the correct nutrients. This unit on offer creates a great opportunity in purchasing youth with 5 out of 6 cows being 2019 & 2022 drops (2 - 5 years old) with 1 cow being 8 years of age that will do a job in any intended breeding program for many years to come. The Pibbon Red Angus herd follows the direction and beliefs of Kit Pharo with all calves either being AI'd to Pharo genetics or joined to Pibbon Red Angus bulls. "Breeding females are the future of the cattle industry"- BUY WITH CONFIDENCE.
