			Slightly Stirry: 2 head			
	Very good heifers and calves to handle. Odd heifer didn't like being in the crush but settled down straight away after being back with the mob.					
Handled With	Bikes					
Assessor Comments	A outstanding line of vendor bred Angus heifers on their first calf that were very good to handle. These heifers are medium to large frame and are by Karoo and Gilmandyke bulls. While these heifers present in store condition they have started to jump ahead since being on better feed after calving. All these heifers calved unassisted, and the calves are by Alloura Angus bulls. Since calving these heifers have been running with a Alloura Angus bull. These heifers and calves present a great opportunity to secure a line of well bred young angus breeders with all the hard work done. please note one heifer has an old pink eye scare that is not considered detrimental. Buy with confidence
