	Nice quiet cows to handle, were no fuss throughout entire process. Over many years of handling cattle from "Inchidoney" temprament has never been an issue. Well handled and educated cattle.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	A nice mob of mixed age Poll Hereford cows with predominantly Hereford calves at foot. Cows are basically age identified, although a number are missing tags, would not think those missing are any different in average to the balance of the mob. A couple of older cows were mouthed these were noted as worn but not broken. Calves are fresh and ready to kick on into the spring. A genuine reduction due to change of enterprise. Cows and calves certainly with a good trade in them. Any cows with bad feet (turned toes etc) were removed at assessment. Well and truly worth a close look
