	Very quiet, experienced mums to handle. No nonsense, all led up the race quiet, stood on the scales, and wandered out. One cow had to be caught in the head bail as she was too long for the scales, she did some pulling and stomping, listed above as slightly stirry. Wanted to walk off in the paddock for photos, but held up easily on foot and settled in a corner. Cattle that could be easily handled by a stockman of any experience.

Assessor Comments	*Colquhoun Park - Genuine herd reduction* Colquhoun Park offer for the first time, part of their core breeding females. Only offered for sale due to downsizing numbers after leasing out part of the farm. Cows that have done it hard over the last 8 months, due to tough seasonal conditions. But have all delivered a healthy young calf, which are all being very well looked after. Calves are very even, fresh & bright eyed, and none look like they've ever missed a feed. This is a genuine opportunity to purchase some core females that regularly present 400kg Weaners in the front lane at the Wangaratta Premier Spring Weaner Sale. Buyers please Note. Vendor has another lot of the younger (2nd calver) sister in this sale. And the Tops of the 2023 Drop Heifers in the Weaner & Yearling Sale.
