	Quiet natured young females in the yards, all led up very sensibly and were easy to draft off their calves. A few were a bit anxious in the race, not wanting to step into the crush and onto the shiny scales, but once they did, they all stood perfectly		

	still, exited at a walk and wandered back to find their calf. Females that could be handled by a stock erosion of any experience.

Notable Traits	Traits 2 Head White splash on flank
Assessor Comments	Lovely line of pretty faced young heifers and calves. Very quiet, gentle natured females to handle. A pleasure to share the yards with and handle throughout assessment. Heifers are doing an excellent job at their first attempt at motherhood, all calving unassisted & carrying a large bag of milk. Their calves are all bright eyed, full of life and never look to have missed a feed. Heifers have really cleaned up in the coat with the recent warmer weather and are looking fresh and healthy and carrying a good fat score, in ideal condition to put back out with the bulls of your choice at delivery.
