Assessor Comments	Offering a draft of second and third calf at foot units. The brake up of mothers is 9 3rd CAF and 4 2nd CAF. The calves are sired by a Hicks Composite bull and the calves in the past have grown into exceptional vealers. The mothers are showing that they are putting everything into their calves with good bags of milk and sappy calves. These cows have been kept for the vendors own operation however, they are running on hill country and the season is starting to close out on them.
