Temperament	Yards	Crush	Paddock
	Quiet: 8 head	Quiet: 8 head	Temperament not assessed in Paddock
	Very well mannered young females. Extremely quiet to handle in and around the yards. Stood like lambs in the crush, and all exited at a steady walk. Lovely young heifers that could be handled by a stock person of any experience.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	Full dispersal of the Spring calving females due to the sale of one of the paddocks and the need to reduce numbers. These are a very nice line of young PTIC Heifers to suit an hobby farm operation. Lovely marked heifers, and in calf to the reliable Rip Van Winkle R38, who has been a good consistent colour thrower and a very easy calver. Heifers that will only mature to be medium framed and won't eat you out of house & home, but will still produce a good, strong, growthy calf. All carrying a heathy fat score despite running on a very basic hill paddock all Winter in what has been very trying seasonal conditions. A lovely line of young females with the temperament and frame to be best suited to a hobby farmer wanting to utilise some of the incoming Spring feed. Note. The sire that these heifers are PTIC to is offered in the Bull & Genetics sale - Rip Van Winkle R38 (Only offered for sale due to retaining his last 2 seasons of daughters. Please see photos & video for full contentment.
