	Very well mannered females. Extremely quiet to handle in and around the yards. Stood like lambs in the crush, and all exited at a steady walk. Lovely breeders that could be handled by a stock person of any experience.		
Handled With	Bikes , On foot , Vehicles		
Notable Traits	Traits 1 Head Lost calf (Option to leave out, or take at a \$150 discount)		
Assessor Comments	Medium framed females that don't eat as much as a large framed matron, but still produce good strong Spring drop calves. All carrying a big, healthy bag of milk and doing an excellent job with their young calves in what have been very trying seasonal conditions. Cows that have lived on very basic, unimproved country, looked after themselves, calved themselves & been low maintenance easy breeders. These are a perfect line of 'prime of their life' young mothers that have the temperament and frame to be best suited to a hobby farmer wanting to utilise some of the incoming Spring feed. Buyers please Note. 1 cow (tag 43) has lost her calf, she is offered at a discount of \$150 off the selling price, or it is at the buyers discretion to leave her out. Please see photos & video for full contentment.
