Assessor Comments	14 – 17 month old Shorthorn heifers PTIC for a March & April calving. Females with a huge genetic profile, Eloora born & bred heifers being offered out of their commercial herd. All of the heifers are sired by registered stud bulls. These heifers were AI'd on the 4th of June to Outback Sprys Solar R307 (OBR307) then backed up to Eloora Magic T13 (SBET13). A rare opportunity to secure pure bred heifers that are PTIC to registered stud bulls. These heifers will not disappoint the successful purchaser. A chance not to miss, ideal females to top up your herd or even start a front paddock herd.
