The Calves are marked, sired by Nampara bulls and are very fresh and solid showing great weight for age. The cows were purchased ex Poolna Springs via A+ In March and were PTIC they have done extremely well since been bought and calved down with no dramas at assessment they averaged 552kg. They are in the prime of the lives, not joined, ready for the bull of your choice! While assessing they were great cattle to handle and would suit any operation for temperament.
