Assessor Comments	A good line of Station mated Droughtmaster X Simmental cross cows with calves sired by Fig Tree Park Angus bulls. Cows have been running with a Hitiki Droughtmaster bull. Ideal units to carry on with a good quality weaner that should perform well in feedlots or carry on to a heavy kill carcass. The cows are in their working clothes, putting everything into their calves, however would suit to calve out a quality Droughtmaster calf and/or fatten to a kill carcass. NOTE: 1 calf is an off-season calf weighing 221kg at assessment and is sired by a Droughtmaster bull. Vendor is willing to transport to Glen Innes saleyards for b-double loading only.
