Handled With	Bikes , Dogs , Vehicles			
Assessor Comments	15 quality Angus Hfrs, PTIC to Waitara Angus bulls. Coming up to their first calf. These heifers are true blue, young breeders, for genuine sale. This lot are mainly vendor bred, using Waitara bloodlines as well as other renowned Angus bloodlines in the background. Waitara sires used for all joinings. Waitara's breed objectives as a stud are: 1. Fertile, easy calving females (that calve at two years old and every year after) 2. High growth rates whilst maintaining softness 3. A balance of desirable carcass attributes 4. Structural soundness for maximum longevity 5. Balanced EBVs These heifers are top quality breeders, obviously showing depth and frame. Ideal as young replacements or an excellent footstool into the cattle industry. Quiet young heifers that will be an asset to any operation.
