Assessor Comments	Good line of Angus heifers and calves. These heifers present with all frame and no condition. Heifers have come through a pretty tight winter and have been running on hill country with sheep running under them. I believe these heifers are well enough bred to bounce away on some fresh feed and would grow into good breeders. Heifers are doing a good job on calves and present with good milk. Please note 1 calf is by a Hereford bull. Calves are by Reiland bull. Any questions please call myself.
