Assessor Comments	This is a excellent opportunity to by quality bred cows and calves. The Bullen family has been breeding Angus cattle since the early 1960s. Years of breeding behind these cows. The calves are very fresh and have plenty of growth and energy. The cow are lighter than normal but are on the improvement and are milking very well as you can see by the calves. The price will be set as a unit price.(Cow and calve unit) Years of breeding highly recommend these cattle. Sample weighed the calves (weighed 20 calves 112 kg average. Calves will be tagged and vaccinated, but not marked prior to delivery
