Assessor Comments	A perfect line of big framed Angus cows with quality Bald Blair sired Angus calves at foot, Ideal for a trade split option in the Autumn. Cows are doing a great job on their calves which are in fresh and sappy condition (calves yet to marked). There would be cows that are broken mouths due to age but as seen in the photos not currently affecting condition or ability to raise their calves. A small but good line of proven breeders that offer a great two way split on the older cows and a opportunity to rejoin the younger ones that would be sound mouth, Ready to rejoin right in the slot. Please see another two lines of 3 & 4 Year old cows and calves off the same place for sale as well.
