Assessor Comments	*****TO BE OFFERED IN 2 LOTS 24 x 24 & 27 x 27 HEIFERS & CALVES TOTALLING 51 HEAD IN THIS SALE***** An outstanding line of Angus heifers & calves. This sale presents the purchaser with an opportunity to secure a total of 51 one mark, Te mania blood heifers and calves. The heifers have an excellent genetic background coming from the Ardenside Angus herd and are doing an excellent job on their young calves who are sired by Landfall Momentous S426 a bull who is top 5% of the breed for IMF at +5, Positive fats, big EMA at +9.1 and top 21% for both indexes. The heifers present in store/forward store condition after coming through a very tight winter. They are currently doing very well on good quality pastures. The heifers calved unassisted over 7 weeks. The calves are very even, the 2 lots offered have been split on the age of calves. They show good type and temperament and would be an asset to any Angus breeding operation.
