Assessor Comments	Complete age group of EU Accredited Angus Cows 6 years in the prime of their breeding lives and doing an excellent job on their August/September drop calves. Cows present with very good frame in generally store to fresh store condition coming out of a tight local winter and milking well. Bulls have been sourced from Reiland Angus for decades with sires sourced from the top end of the stud offering. Cows were excellent to handle, drafting off their calves with minimum fuss and flowing easily throughout the weighing and media process. Noted one cow slightly lame at assessment and one calf drier in the coat. Note vendor also offering complete drop of 8 year old cows also in this sale. Plenty of upside in these Proven Breeders !
