Assessor Comments	This heifers & calves are very even typey young females with plenty of milk under them. Calving at 2 years these heifers will continue to grow & develop. Rennylea, Bowen & Dulverton bloodlines. These heifers are a combination of classed in Vendor bred Koombahla heifers & Okeview Pastoral heifers (Scone, NSW) which were purchased as a whole of drop none retained as weaners. Very even fresh coated, marked calves at foot by Rennylea Angus bulls. These heifers are not rejoined, and are ready for joining to the bull of your choice. Highly recommended.
