Assessor Comments	Structurally sound, moderate framed, productive heifers & 2nd calvers. Age breakup is 7 x 1st calvers & 6 x 2nd calvers. Quiet, easy to handle females that have not been rejoined. All calves are sired by a Dunoon Angus Bull. There were 4 cows noted with white on their udders. Please note that one heifer has a damaged teat on her rear near side quarter, looks to have been cut on something. Please see last photo to see the extent of injury, in my belief it will render one quarter obsolete. There is also another 9 x 9 4th Calvers on offer from the same property in this sale. Easy access for trucks situated right on the Hume Freeway, 22km North East of Holbrook.
