| Assessor Comments             | Structurally sound, productive young breeders that have just gone 4 year old with their 3rd calf at foot and still have a good many years breeding in front of them. Have been great breeders that have reared a calf every year and regretfully only being sold due to seasonal conditions. Quiet, easy to handle females with all calves sired by a Kenmere Charolais Bull with 2 calves being black coated in colour. One cow had the slightest light blue eye but still had sight and there were 4 cows noted with white on their udders. Please note that an Angus Bull got in the mob for one day only last week and was removed straight away. There is also another 13 x 13 1st & 2nd Calvers on offer from the same property in this sale. Easy access for trucks situated right on the Hume Freeway, 22km North East of Holbrook. |                                          |                                     |
