Notable Traits	Traits 1 Head White Splash on Udder			
Assessor Comments	Nice line of very quiet young females, all with a bright, healthy calf on the ground. Still quite immature, baby faced looking females with plenty more growing still to do. Mums are soft bodied with pretty faces and good bags of milk, taking very good care of their bright eyed young calves. These young breeders have a very quiet, sensible disposition, have been very low maintenance - all calving unassisted, and would be a perfect addition to a smaller scale operation or hobby farm or to increase some numbers. Buyers please Note - Vendor has another lot (8x8) of the black baldy sisters in the same sale.
