Assessor Comments	21x21 NSM Angus Cows & Calves, 2017 drop Ardrossan Angus blood cows with Aug/Sep drop CAF sired by Connamara & Merridale Angus bulls, these were purchased through AuctionsPlus as young cows and have been very productive cows since, being very fertile and good milk producers as well as being some of the first cows to calve every spring over a 6 week period. The cows present in store condition and would benefit from good spring feed to continue the good job they are doing on their calves. Please note this vendor has another lot of 16x16 cows & calves in this same sale.
