Assessor Comments	A nice neat draft of 2023 drop merino ewe hoggets. These Glenlea Park blood young ewes present in a strong order and are just starting to really go forward since shearing a month ago. They show good length of body, with good depth. They are known to grow out to be strong medium to large frame ewes, that are good plain bodied sheep. Mill Park are known to buy at the top end of the Glenlea Park ram sale, with a great emphasis on not only frame and meat, but wool. Their flock average is 19mic. Please note that 3 head had light scur.
