Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.		
Assessor Comments	Very well bred line of breeding ewes. Straight out of the Rices Creek flock, they have been part of both the stud and commercial operations of the family, weaning 112% merino lambs this year. They are large frame in a strong forward order, I'd expect them to continue to thrive ahead on good feed. Mouthed sound and udders checked, these ewes will make an impact on any operation they go into.
