Assessor Comments	Buyers, this is a nice line of straight Angus steers that have plenty of compensational weight gain averaging 357kg. These steers present in store condition with heaps of frame to fill out. Steers show nice length of body with good depth of flank. Steers are out of medium to larger frame soft Angus cows, by Carabar & Excel stud Angus sires. Steers worked well through yards with odd steer agitated under pressure but settled once released. 1 steer had small old blight scaring but no detrimental, 3 steers small white patch on purse.
