Cattle flowed throughout the yards with ease and only one becoming slightly stirry when she wanted to get away back to paddock but was confined in crush. Once let free was good to handle again.

Assessor Comments	Heifers are showing true to angus type & could go either join to a bull of your choice, excellent heifers to take onto a grass supermarket trade or finish them in a feedlot. Angus and Angus cross portion of the mob were bought as cows with calves at foot spring time last year as a trade. Composite portions are Hicks black composite blood being vendor bred weaners. All heifers have had a tough season but are presenting in forward store condition averaging out of 122 head 1.56ADJ running on improved pastures. This article will be sold as a run out the gate draft with 6 Black Baldy heifers in one mob & 7 Black Baldy's in the second mob.
